

EXCESSIVE MEAT EATING

Most people who are troubled with flatulency eat more meat than is good for them. Flatulency is wind on the stomach. Excessive meat eating or defective nerve force is responsible in most cases.

Cutting down the amount of meat in your diet and taking a course of treatment with Dr. Williams' Pink Pills to strengthen the weak nerves that control the digestive processes is well worth trying if you have wind on the stomach, sour risings in the throat, a feeling of weakness in the stomach and palpitation of the heart. Dr. Williams' Pink Pills are recommended for thin blood and weak nerves, whatever the cause. Send today to the Dr. Williams' Medicine Co., Schenectady, N. Y., for the diet book "What to Eat and How to Eat." It gives information regarding the tonic treatment for many forms of stomach trouble. There cannot be perfect digestion without a sufficient supply of red blood and there is nothing better than Dr. Williams' Pink Pills to enrich the blood and tone up the stomach.

Your own druggists sell Dr. Williams' Pink Pills or they will be mailed, postpaid, on receipt of price, 50 cents per box, six boxes \$2.50, by the Dr. Williams' Medicine Co., Schenectady, N. Y.

Whitcomb high school baseball team met defeat yesterday at South Royalton by a score of 10 to 7, the South Royalton team thereby winning the Windsor county north end championship, which Whitcomb held in 1914 and 1915. At the middle of the eighth inning the score stood 7 to 3 in favor of Whitcomb, but the eighth inning of the South Royalton team was a merry mixture of hits and errors, yielding seven runs. The game was an interesting one to see and the work of Whitcomb players showed great improvement over their work a month ago. "Jumbo" Regan is the team's big hope for the future, but there is other good material and it would surprise nobody to see Whitcomb back in its usual place another year.

Mrs. D. D. Smith returned yesterday from a week's visit to her daughter and other relatives in Cabot. During her absence Mrs. John H. Fortune of Windsor, another daughter, has been keeping house for the Smith family.

Eric C. Pirie of Barre was a guest last evening at the Bascom house.

Mrs. Julia Whitcomb and Miss Abbie Whitcomb were in Randolph Wednesday to attend the Gaylord-Chedel wedding.

Milo Buzzell of Woonsocket, R. I., has been visiting his mother, Mrs. Hannah Snow.

Miss Helen Hastings, formerly a Bethel girl and student at Finley Bridge school, is this year valedictorian at Randolph high school. Two former students at Whitcomb high school, Misses Dorothy Church and Emma Walker, are honor graduates in the teacher training course at Randolph high school.

What Do You Know About The Maxwell Car?

THIS is the time of the year when more people are considering the question of "what car to buy" than at any other time of the year.

This community has its full share of people who will soon be driving their first car or a new car to replace the old one.

Now, we know that we are going to sell Maxwell Cars to a great many of these people—depending upon how many we are able to acquaint with the merits of the Maxwell.

The generous value offered in the car is so evident—its past record is so full of good performance—owners speak so well of it—that when the buyer knows these things, he is eager to buy a Maxwell.

In order to tell as many people as possible about the merits of the Maxwell Car we are going to spend a lot of money in the next few weeks in this paper advertising Maxwell merits to those who do not know them.

The reason—we want to sell as many Maxwells as possible this season. Our future allotments will depend upon how many Maxwells we sell now.

You may know that the Maxwell market is a buyer's market, not a seller's market—broadly speaking. The demand for Maxwells the country over is greater than the supply.

For this reason cars are allotted to dealers by the factory according to the size of the dealer's business.

We want to make a showing and be in a position to get a generous allotment of Maxwells hereafter. Because the more Maxwells are sold in any community, the greater is the future demand. We realize the opportunity to do an ever-increasing Maxwell business.

This is only the first of the several messages we are going to print—a few days apart—concerning the Maxwell Car. But we don't expect to be able to adequately present Maxwell merits in printed words alone.

If you are one who is going to buy a new car you will find it decidedly to your advantage to find out all you can about the Maxwell before you place your order.

Come in and talk it over with us and let us demonstrate the car to you. Then, don't take our word alone, but ask those who now own Maxwells.

Get "posted" about the Maxwell and you will realize more satisfaction and get more "value received" for your motor car money than ever before.

And we are just as willing to have you investigate other cars just as fully as you do ours. The Maxwell will not suffer by the comparison.

Why not start your Maxwell investigation today?

BRADFORD.

The Bradford baseball team met defeat at the hands of Lisbon high school at a game played on the fair grounds Saturday, the score being 10 to 2.

In spite of the threatening weather Sunday morning, a large congregation was present at the union Memorial service held at the Methodist church, when

the pastor, Rev. R. T. Clark, delivered a very interesting and instructive sermon.

Eugene Marrott got his hand quite badly hurt one day last week while working at the veneer mill.

Miss Leda Duplaice, who worked for Mrs. Arthur Johnson last summer, but has since had employment in Maine, has been visiting in the families of Arthur

Johnson and Warren Carleton. Her sister accompanied her.

A game of baseball was begun on the fair grounds Tuesday between Dartmouth Seconds and the local town team, but only two innings were played on account of the rain.

The senior and teacher training classes of Bradford academy were in camp at Lake Morey from Friday until Wednesday morning.

Quite a number of the young ladies of the village were the guests of Miss Adelia Shute at her cottage at Lake Morey over Sunday.

A goodly number of the parents and friends of the pupils of the village schools gathered at Wood's hall Friday afternoon to listen to the pre-Memorial exercises and were very pleasantly entertained. Much credit is due both teachers and pupils for the way in which the program was carried out. In some fitting remarks by A. M. Banks, an old soldier, he said: "We hear much about preparedness and a lack of patriotism in America, but I think if anyone who thinks that way could be here this afternoon they would change their minds, at least as far as Bradford schools are concerned."

Principal A. L. Kibling spent the week end in Boston.

Dr. and Mrs. Burbeck of Salem, Mass., were the guests of his sister, Mrs. H. T. Johnson, Monday.

Mr. and Mrs. A. F. Johnson and son, Arthur, and their son, Carleton, and wife, took an auto trip to Lyme, N. H., Sunday to visit relatives.

The village schools were closed from Friday till Wednesday morning.
